Mr. Matt McClincy

Northwest Region Office
2020 SW 4th Avenue, Suite 400

Dear Mr. McClincy:

The Environmental Protection Agency has completed its review of the Source Control Decision for the Operable Unit 4 at the Swan Island Upland Facility. We have no comments to offer and are in agreement with the SCD. Please note that if DEQ goes forward with a "no further action" letter, the EPA may still require further source control actions under CERCLA.

If you have any questions or would like to discuss the contents of this letter further, please feel free to contact me at (503) 326-6554 or muza.richard@epa.gov.

Sincerely,

A handwritten signature in black ink that reads "Rich Muza".
